

Victims from Buner: Hoping for Your Humanitarian Contributions

Buner Valley, Swat, in the North West Frontier Province of Pakistan, was a symbol of serenity for inhabitants and tourists of more than hundreds of thousand people. Unfortunately, the recent situation, known to all, has shattered the whole area and has fluxed the strained locals to leave the valley in pursuit of safe shelter, food and other basic essentials for life.

The provincial government of NWFP with the support of the Federal government has established relief camps all over the province. Because of colossal flow of deprived people, the magnitude of relief operations required may become larger than that was required at the time of the earthquake in 2005, when the entire nation rose to the occasion, like always. Today again this nation is on test as these immigrants are in the dire need of basic necessities, food, shelter and basic health care facilities.

In purists of dispatching relief to the victims, Fatima Memorial System has planned to deploy team of doctors to instigate the relief efforts by directly providing medical aid to the victims. This will include the basic health services in the form of clinical and curative treatment, for the moment.

TO DEPLOY THESE EFFORTS, FATIMA MEMORIAL SYSTEM REQUESTS YOU, YOUR FRIENDS AND FAMILY FOR SUPPORT IN THE FORM OF CASH, MEDICINES AND PLASTIC UTENSILS.

Please step forward and answer the silent cry of suffering humanity! Your contribution does make a difference. All sorts of small and big donations are welcome. You can send your contribution directly by:

Cash/Demand Draft/ Cheque in favor of Fatima Memorial Hospital.

For more information on Buner Donation please visit us or call us on our helpline at 111-555-600 Ext 353/331 We would appreciate if you could forward this appeal to your friends & family, who may like to help. May Allah, the Almighty bless your efforts with the Infinite Abundance that only He, as Al-Rahman and Al-Raheem is capable of everything.

Sincerely,

Prof. Humayun Maqsood
